VINE stands for "Victim Information and Notification Everyday." The Arkansas VINE Program is a free automated hotline that provides crime victims with vital information and notification 24 hours a day, 365 days a year. This service will allow you to obtain inmate information and register for notification of inmate release and court dates (in felony cases).

To register with VINE all you need is basic information on the offender such as the offender's name. Live operator assistance is available.

Once an offender is located, VINE gives you the option of registering for notification. You will need to provide a phone number and/or email address where VINE should contact you with notification.

Once registered, you will receive notification of changes in custody status and court events. Notification calls are made by VINE approximately every 30 minutes for 24 hours until you enter your PIN code.
