

The side windows of the car will be removed. Upon arriving at the car, you must shoot must first flip a disc that has a different color painted on each side. The color that lands face up must be shot immediately after the hostage target is neutralized. The third target will then be shot. 4 hits per chest plate. Then repeat red/green plates again in same order. **Example:** Run up, flip disc, red lands face up. You shoot and flip the blue circle over the hostage's shoulder. Then 4 hits on red, 4 hits on green, 4 hits on red, 4 hits on green. Then move as needed to finish with grey chest plate.

Start in driver's seat, hands on steering wheel. (Windows will be removed.) Rifle will be lying in the passenger seat fully loaded. Grab rifle and fire 4 hits on black chest plate. Safely move to the rear of the car and from the rear passenger side, re-engage the black chest plate with 4 hits. Move to the blue barrels with rifle on safe.
