

Setup: Rifle staged at wooden structure. Pistol loaded with 8 rounds. Shotgun staged on table.

Start: In driver's seat, hands on steering wheel. (Windows will be removed.) Draw pistol, take 4 shots (penalty if not hits) at each of the two black chest plates out the passenger side windows. Pistol will run dry. Exit vehicle, reload, and move to rear of vehicle. As you come around the back of your vehicle, again make 4 hits on each of the same two chest plates as they come into your view. Move around the rear of the second vehicle and make 4 hits on the chest plate as it comes into your view. Move to the wooden structure and retrieve rifle. Flip the dueling tree from right side of structure. Flip the dueling tree from the left side of the structure. Bench rifle. Run through the blue barrells and knock down the headplates and make 4 hits on the last chest plate. Holster, grab shotgun, load it and knock down the three green steel targets.
